*Church offerings — although today's money no longer has the value it once did, the majority of donations are not enough to pay the bills. People are donating same amount as they did 20, 30 or even 50 years ago.*

*Some of our churches in the district cannot maintain our present standard of service unless you increase your contribution. Just ask yourself, 'What percentage of my income I am giving to the Church?' or 'How much of my time I am giving to God and service to Him?' One day, that is the question God is going to ask you.*

Thank you to all parishioners and guests for your constant support of our church community.
