

## The Alberta March for Life Code of conduct

The Alberta March for Life Association does not allow any abortion imagery within, at, or surrounding our event in order to avoid disturbing the attendees. Representatives for the Association will request that anyone displaying such images to remove them from the event immediately, which necessarily includes the areas at which event occurs, namely the Alberta Legislature front step and surrounding area, along the March route, and Sir Winston Churchill Square.

DOCTOR ASSISTED SUICIDE  
March 2015. The Supreme Court ruled:  
The government has one year to adopt laws  
that will allow doctors to assist in ending  
life...The Divine Court knows better.

**Rosey Rosenke**

Executive director from "The Wilberforce Project aka Alberta Pro-Life Association."

Speakers: go to [www.albertamarchforlife.com](http://www.albertamarchforlife.com)

In Alberta each year more than 13,000 unborn babies life are terminated by abortion using scarce public funds that could otherwise support Albertans. In the process Alberta Health Care has squandered public funds to destroy approximately 130,000 Albertans whose lives would have contributed economically to support their families and the provincial economy. The unborn, their families, and all Albertans are forced to bear the weight of this evil suffering...

## Mission Statement

The Alberta March for Life Association is an independent pro-life group whose mission is to promulgate the sanctity of human life from conception to natural death and the dignity of disabled people.

Our main objective is to conduct an annual peaceful outdoor march where invited speakers would speak about pro-life issues, to share information, and raise public awareness.

We welcome all persons who support pro-life ideals and are open to partnering and cooperating with organizations which promote and advance our mission.
