

**Yr 2 Parents' Cheat Sheet**  
**Sunday after Theophany**

1. What is the Old Testament?

This is the part of the Bible that the Jewish people read and prayed with. It was written long before Jesus was born. It is filled with promises from God! In it there are many books. Some of the books are those written by the prophets.

2. Who were the prophets?

The prophets knew about God's promises because they listened to the Holy Spirit in their heart and then they wrote those things down. They spoke God's Word to the people. The prophets like Isaiah, spoke about the coming of a Saviour and King and what kind of King that would be. That is why we made a scroll today with a passage from Isaiah. As a family it would be a good idea to read from the Bible what this passage says. Imagine! 100s of years before Jesus came, God had told the people through the Holy Spirit all these things!

3. What did God promise His people?

He promised:

that He would always be there for His people,

that He would always love His people

that He would send a Saviour who would bring God's Kingdom!
