

## **Yr 2 Parents' Cheat Sheet**

### **18 Sun. Post-Pentecost**

1. In today's Gospel, what did Jesus pray for his followers?

His prayer was that we in the church would be united. That means that we would be close friends to each other and love each other just like Jesus and God the Father love each other. His prayer was also that his disciples would have joy in their lives.

2. What job did Jesus give his disciples/us?

Jesus told his disciples that we have a job to do while we are still in the world. That is to tell other people about God just like Jesus did. The best way to tell others about God is to do everything with love in our hearts; love for Jesus and love for others.

3. How do we know that God is helping us to do our job?

We know this because Jesus prayed to God: "They will still be in the world after I come back to You. Keep them in Your Name and let them be close friends (united), like You and I are. I took care of them while I was with them. Now I am praying for them so that they can have my joy in their lives even after I come back to You."

This means that the Holy Spirit would be in all of our lives guiding us and helping us in everything we do! We live joyfully, trying our best to carry out our mission knowing that God is close to us and helping us along.
